Willy's meeting is a cultural event. It has developed into the most important meeting of its kind beyond the German-speaking countries. More than 2,000 participants in over 700 vehicles from many European countries followed the invitations recently. All new and old campervans, motorhomes, motorcycles, bicycles and backpackers are most welcome to join the meeting.

An exchange of information and getting to know each other are the purpose of the globetrotters' meeting. Slide shows and films in the evenings from journeys to far away countries belong to the program. Motorhomes and travel cars offer cause for intensive discussions about individual designs and historical travel vehicles of each kind:

In German a recreational vehicle is called *Wohnmobil* or *Wohnwagen* (trailer type). *Wohnen* means live or reside. A *Fernreisemobil* is more individual and specialised for long-term travelling. Naturally the traditional expedition mobile Hanomag, Unimog, Pinzgauer, Magirus Deutz, in addition, converted IFA and Urals as all wheel motor homes, 4x4 mobile with individual superstructures for expeditions, motor homes of VW, Mercedes, Hymer..., Offroad and 4x4 vehicles, Pickups; Jeeps, Land Rover, Toyota Buschtaxis, Busfans with Setra-Camper-Buses and old timers for living on wheels ...

We found an exceptional new place for the get together at the Moselle. There are plenty of utility spaces for vehicles of each weight and class, as well as a meadow to put up your tent.

The **program** includes 10 slide shows, workshops and other offers. There is a small offer of meals, beverages and more at the site, neighbouring by a dozen of Restaurants.
